GOD'S WAR

A BUGPUNK NOVEL BY

KAMERON HURLEY

A FEBRUARY 2011 RELEASE

In a ravaged war torn land, a government assassin is about to break the law. Kameron Hurley's debut novel is part cyberpunk, and part military SF, but all action and excitement.

Some days, Nyx was a bel dame – an honored, respected, and deadly government-funded assassin – other days, she was a butcher and a hunter; a woman with nothing to lose. Now the butcher has a bounty to bring in. Nyx and her rag-tag team of mercenaries are about to take up a contract that will shake the foundations of two warring governments.

Bugpunk at its best. Night Shade Books is proud to present the debut novel from Kameron Hurley.

PRAISE FOR KAMERON HURLEY

- “Kameron Hurley's a brave, unflinching, truly original writer with a unique vision – her fiction burns right through your brain and your heart.” – Jeff VanderMeer, author of *Finch*
- “[A] compelling far-future debut ... Hurley's world-building is phenomenal, with casual references to insectile technology and the world's history that provide atmosphere without infodumps ... Hurley smoothly handles tricky themes such as race, class, religion, and gender without sacrificing action.” – *Publishers Weekly* on *God's War*

MORE PRAISE FOR GOD'S WAR

- “[A] stellar debut novel ... beautifully crafted ... truly a work of art – bloody, brutal, bug-filled art.” –*The Ranting Dragon*
- “Very original world-building. ... Hurley belongs in the new class of Sci-Fi authors we've been waiting for to invigorate the genre along the sides of Rajaniemi, Bacigalupi, and Yu although each brings different skills to the table.” –*The Mad Hatter's Bookshelf*

ABOUT THE AUTHOR

Kameron Hurley currently hacks out a living as a marketing and advertising writer in Ohio. She's lived in Fairbanks, Alaska; Durban, South Africa; and Chicago, but grew up in and around Washington State. Her personal and professional exploits have taken her all around the world. She spent much of her roaring 20's traveling, pretending to learn how to box, and trying not to die spectacularly. Along the way, she justified her nomadic lifestyle by picking up degrees in history from the University of Alaska and the University of Kwa-Zulu Natal. Today she lives a comparatively boring life sustained by Coke Zero, Chipotle, low-carb cooking, and lots of words. She continues to work hard at not dying. Follow the fun at www.kameronhurley.com.
